

Limited Edition Updates

Final Version

Lot 1. Genex contract for 2 bulls [\$8000 cash plus incentives} Embryos-Genetics Hokkaido/GenElite-5 embryos X O-Style @ \$1600 by 4/1/11. Top Q/Gen Elite- 5 embryos X O-Style by 5/1/11. Flushed 2/19/11 to Shamrock 12 total 4 embryos transferred 8 UFO's

Lot 2. -BLV, -Anaplas,

Lot 3. Semex contract for 2 bulls, open end leases. GenElite embryo contract for 5 embryos @ \$1400. -BLV, -Anaplas. ALH Genetics is interested in talking to the new owner about contracts.

Lot 4. Great Canadian Genomic numbers – the highest Morningview female on the Canadian system! +2919 gLPI +3154 DGV. Official Canadian numbers are +1926M, +77F, +65P, +11Conf, +10MS, +8F&L, +113HL, 2.52SCS, 105 Dau. Fert. DGVs for most traits are even higher!

Lot 6. GenElite will include Massey Gina on their March, 2011 inspection trip with Genetics Hokkaido, if possible. Two Super Brothers both go to Genex and Accelerated. Sells with a Genex Embryo Contract, and a \$7500 Genex bull contract with incentives. Alta bull contract. -BLV

Lot 7. Domain daughter +2254 GTPI, Michael daughters are #3 GNM/#8GTPI and #9 GTPI Michael's. The 2 Destry calves were born. # 842 born 2-12-11 tested RC, # 843 born 2-14-11 tested TR. Both nice healthy calves

Lot 8. Dam of choice is the #1 gNM Shottle of the breed at +\$786. Here's how significant that is; of the 1639 genomic tested Shottle females on the Holstein Association lists, only 3 are over +\$700 gNM. This Shottle is a medium stature and frame heifer that is very well made. She has correct rump structure and correct feet & legs. She is just starting to show some udder and it looks extremely promising at this point. De-Su consigns to very few sales – this is a rare opportunity!

Lot 9. Four female Grafeeti Pregs, More to be sexed.

Lot 10. 4 pregs due 10/13/11, 1 due 10/27/11, 3 due 11/17/11,

Dam- Opsal Planet Fame-ET
